

Worksheet 80/20 Analysis

This worksheet helps you do an 80/20 analysis to figure out which activities lead to extraordinary results and what you should cut out.

Things To Cut Out:

How am I wasting a lot of time? How can I avoid that?

What are the activities that make me feel productive without producing results?

Actions That Lead to Disproportionate Results

If I could only study for two hours for this exam, what would I focus my attention on?

What if you only had 45 minutes?

What do I struggle with the most that might be important for the exam?
